SUMMER DRINKS.

Plain Lemonade.

MUCH more juice may be extracted from oranges and lemons if the fruit is first covered with cold and allowed to come to a boil before the fruit is cut. Add the juice of three lemons to a quart of rich boiled sirup made of plain sugar and water. Pare the yellow peel from the lemons, and the sugar if left long in it. Place in which the grated cheese has been add when you want lemonade, a spoonful of this mixture can be added to glass of water with little trouble. Orangeade is made in the same way, substituting oranges for lemons.

Pineapple Lemonade. Make a sirup by boiling two cups of water and one cup of sugar ten min-

utes. Add the juice of three lemons and

one can of grated pineapple. Cool strain and add one quart or four cups of ice water. Caramel Lemonade. Put a pound of granulated sugar inte a frying pan, stir constantly until it browns and becomes liquid, add a pint of water, cover and cook slowly until it is all dissolved. Bottle for future use. When desired, sweeten lemonade with this sirup to obtain a new and de-

licious beverage.

Iced Tea. We have been advised of all sorts of omy to save the left-over drinks to be used as iced beverages. Coffee left from breakfast, and cocoa or tea, instead of being thrown away should be strained, put in a bottle or glass jar, covered and set in the ice box. There may not be enough to serve the entire family at dinner, but there will be enough for a delicious glass for some one who will greatly appreciate it during the day.

Women Shave Unknowingly

When women are so unwise as to use so-called hair removers, they actually shave unknowingly, be-cause such preparations stimulate hair growth after each removal.

cause such preparations stimulate hair growth after each removal.

The proper way to remove hair is to devitalize it. It is impossible to accomplish this result with pastes and rub-on preparations, because they only remove hair from the surface of the skin. De Miracle, the original liquid depliatory, devitalizes hair by attacking it under the skin as well as on the skin.

Imitations of De Miracle are as worthless as pastes and rub-on preparations, because they lack certain ingredients that De Miracle alone contains, which give it the power to rob hair of its vitality—its life-sustaining force.

Buy a bottle of the genuine De Miracle today and you will get the original liquid hair remover. Others are worthless imitations—refuse them. Remember, you are not asked to buy De Miracle on a mere promise of your money being refunded. De Miracle is the only depliatory that has a binding guarantee in each package, which entitles you to the refund of your money if it fails.

De Miracle is sold in three sizes, 50c, \$1.00 and \$2.00 bottles. The larger sizes are the most economical for dermatologists and large users to buy.
